Claims 42-58 are rejected under the judicially created doctrine of obviousnesstype double patenting as being unpatentable over claims 1-5 of U.S. Patent No. 6,392,069 for the reason set forth in the Office Action of May 27, 2004.

Applicant's arguments filed August 30, 2004 have been considered but have not been found persuasive. Since the Terminal Disclaimer has not been submitted at the time of the instant office action, the above stated rejection has not been overcome.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
